**From points east and the north shore of MA**

1. Take RT 95/128 South to RT 2 West
2. Stay on RT 2 West for about one hour.
3. RT 2 W turns into a two-lane divided highway in Athol, but is the same highway. For the next 20 or so miles this highway/road will meander through small towns, become one lane, but it is the same road.
4. After driving a total of between one and a quarter hours and one and a half (depending on your speed - watch out for the Staties!) take the exit for RT 5/10 to Greenfield.
5. Go left off the ramp.
6. At the first light, (Sunoco station on your right), take a right onto Silver St. Go to the end.
7. Then take a right onto Leyden Rd. (you will pass over Rt. 91). Follow Leyden Rd for 7 to 10 minutes.
8. Look for a small cemetery on your left. Take the second left called Mid County Rd. It is a hill going up. This road can be slippery if there is weather. Take your time.
9. After a mile on Mid County Rd, you will approach a red stop sign. Stop and then proceed going straight through. Now the road (same road) is called West Leyden Rd. (our road!)
10. Go 1.3 miles to Spirit Fire.
  - a. The road can be slippery here if there has been rain or snow and cold weather. Look for the red mail box.
  - b. We are at 407 West Leyden Road
